## Infants

Hello from the Incredible Infant's Room! We have been having so much fun with all our babies and love to see them grow and continue to develop. From talking, to crawling to walking. We are very proud of all of them! They enjoy our crafts and our outdoor play time and we enjoy seeing them smile every single day! This month we will work on the color red, the number 3 and the letter A.

## Toddlers 1A & 1B

We would like to welcome Mildred to our class! The Toddler's Room have been having a blast with all our science experiments and new and fun activities. We will be working on our fine and gross motor skills and continue to go over our alphabet and numbers. The past few weeks we have been working with the children to recognize their names around the classroom and they are doing fantastic!

## Two's

Hello from the Terrific Two's. We had such an awesome Valentine's Day party and we would like to thank everyone who donated items to it. We would also like to Welcome our new friends Gus and Jude to our classroom! This month we will be starting our segment about Trees. Learning about the different parts of the tree, different kinds of trees and how we can better our Earth. We are having a great time and can't believe how fast this school year has gone. All the children have been doing an incredible job so far.

## Three's & Fours

The 3's and 4's would like to thank everyone who took the time to donate and show up to our Valentine's Day party! It was an amazing day because of you. We also have a new addition into our classroom, Devon. Welcome! We will be talking about Friendship and learning about nice manners. This month we will also be going over how to take care of nature and learning about trees. Starting in March we will be opening the Fours Classroom. More information coming soon!

## VPK A & B

Next week we will be devoting our week to Dr. Suess. Reading his books and having a ton of fun activities for the kids. We will be going over the letter Pp and working on our sight words. Collier County Schools would like each child to know at least 20 sight words when they start Kindergarten. So, we strive for this and more. The children are doing a fantastic job with this. Practicing at home encourages them and helps them to do better.
