Infants

Hello from the Infant Room. We would like to welcome another little boy into our class, his name is Rhett. We celebrated Avi's 1st Birthday and we will miss him dearly in our room when he moves up. We have been creating some fun and adorable summer themed projects like the beach, popsicles and watermelons. This month we will be talking about the 4th of July and learning about everything under the sea.

Just a friendly reminder that Ms. Janet will be on vacation from 6/29-7/18 and Ms. Ana will be going on maternity leave July 31st.

Toddlers 1A & 1B

Our toddlers have been very busy learning about ocean and farm animals. We have been working on the letters Gg and Hh. We will be doing exciting science experiments every Thursday and a food project every Friday. This month we will be talking and learning about space, dinosaurs, transportation and pirates.

Please remember to check your child's folder daily. You never know what beautiful creation will be inside!
