**8/24 - Parent Orientation 5:30pm**

***From the Director's Desk...***

*Summer is coming to an end and we are so excited for the new school year to begin. Fall Curriculum begins on August 21st. Please remember that our drop off cut off time is 9 am. No one will be permitted to drop off after 9 am without a Doctor's note. Please make sure that your child's lunch box has an ice pack in it and that all foods are ready for your child to eat, for children 1 year and older.*

*We want to wish our Graduating VPK Children an awesome year in Kindergarten!*

**A Good Read:**

**HAPPY BIRTHDAY**

8/17-Jackson  
8/20-Sammie  
8/30-Austin Q

## Infants

We want to welcome Delilah and her family to the Infants. Avi and Theo turned 1 and are now in the Toddler 1's class and we sure miss them.

Our special project we are working on is an Under the Sea theme for our room.

Please bring in family photos so your child can see your loving faces all day :-)

Ms. Ana will return shortly from maternity leave and is excited to return with her baby!

Ms. Janet

Ms. Ana

## Toddlers 1A & 1B

Welcome Avi and Theo to our class and our new Teacher Ms. Ariana!

In the month of July, we learned the letters j, k, l & m along with the numbers 1, 2 and 3.

We did activities and read stories about pirates, space, and dinosaurs.

This month we plan to make a volcano, moon, sand and we will plant seeds in the garden.

Ms. Cassandra

Ms. Ariana

## Two's

The month of July was all about the Ocean. We talked about water animals and what they eat. We read the story Com-mo-tion in the Ocean and the kids loved it!

The 2's reviewed the letters o, p, q, r and the colors blue and green.

During Science we turned clear water into the ocean with blue food coloring and the children were so excited to see the water change colors.

Ms. Roxy

## Three's

Welcome our new teacher Ms. Natalya!

Last month we reviewed the letters w, v, u, t, s, i & a and numbers 1-20.

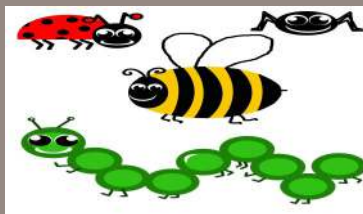

We dug for insects and we LOVED it!

This month we will learn about the life cycles of butterflies, spiders, and worms.

Please remember to pack an extra pair of clothes for your child just in case :-)

Ms. Carolina

Ms. Natalya

## VPK

The summer camp has been a big hit! The children are loving our research on Dinosaurs and paleontologist.

Next, we will be focusing on bugs!

We have been experimenting with sensory and slime has been our favorite.

VPK begins on August 21st and I am so excited to be teaching VPK this year!

Ms. Ashley
